Timothy Horsburgh,
Markets Analyst at Oppenheimer Funds, Inc.

Mr. Horsburgh develops and communicates the firm's economic outlooks and insights for the financial advisor and investor communities. He also researches and creates thought leadership for the firm including blogs, white papers and investment outlooks for the senior and chief economists. Additionally, he holds a B.A. in economics and government from Cornell University where he performed research on emerging markets.

Dr. Michael H. Casson, Jr.,
Director, University Center for Economic Development and International Trade (UCEDIT) Associate Professor of Economics Delaware State University

Dr. Michael Casson is the PI and Director of the University Center for Economic Development and International Trade (UCEDIT). He also currently serves as an associate professor of economics for Delaware State University. Through UCEDIT, Dr. Casson is actively involved in economic development efforts at the State, regional and international levels. These efforts include asset mapping for the U.S. Virgin Islands, monitoring and evaluating USAID projects in Western Africa, and small business website development in Delaware.

David F. Boothe, B.I.G. Investment Services.

David is the President of BIG Investment Services. A Johns Hopkins alumni, he got his start in financial services through the insurance industry in 1993 and has been serving individual investors as a full service financial advisor for over 10 years.
